# DECANTER (CHI)

CH : 16HH

HUSSONET X COLONNA TRAIANA

DECANTER is making his stud debut at Kedarona in 2008. After ending his race career with 3 wins from 1200 to 1300 metres and 1 second from 6 starts.

The race career of "DECANTER" was cut short after receiving a blow to his nearside knee, which occurred in his 6th and final race. This resulted in a career ending fracture and yet he was still able to finish off the race with an impressive victory. After a positive start to his short lived career he gave us the chance to see that he had the potential to go all the way.

With a full brother the likes of "HOST" a champion 2yo and a champion 3yo, then on to become the Horse of the year after winning the Chilean 2000 Guineas. Host competed at the highest level in 3 countries. Chile, North America and Dubai. He was a winner of 10 races from 31 starts and almost A\$1.5 million in prizemoney. Host also won the Shadwell mile G1 in the US defeating the likes of Ad Valorem and our very own Alinghi.

DECANTER'S sire "Hussonet" has made an immediate impact to Australian Racing siring the likes of Weekend Hussler, 6 group 1 wins alone in 07/08 and amassing almost A\$2.5 million in stakes in his classic year. He has also sired the 2008 Blue Diamond winner, Reaan with earnings of almost A\$750k.

DECANTER'S dam is "Colonna Traiana", a stakes winning daughter of "Roy", would be one of the finest mares in the world today after producing a champion the likes of HOST. Her offspring to date are all proven winners on the track and one of her daughters Barbera (Hussonet) has produced a listed winner also in Taihedian.

"DECANTER" is free of Norther Dancer therefore giving breeders the opportunity to outcross a wide variety of their Australian related mares inc. Danehill.

Kedarona Stud is proud to offer such a well credentialled stallion that gave every indication of fulfilling a wonderful future on the track.

DECANTER offers breeders the opportunity to access a fantastic speed family that combines strength, conformation and size at Great Value!

All of which are the ingredients to produce world class race horses.
